FOR PROFESSIONALS

Become a Mentor

Most of us remember someone who opened a door. Open Circuit connects young people (ages 10 to 18) in Central Texas with professionals who are glad to share what they do. You do not need to be a teacher or an expert. You need real experience and a willingness to share it. We handle the logistics; you bring your story.

Ways you can help (pick what fits your life)

- Share your career journey in a conversation or small-group Q&A
- Host a workplace visit so young people can see the work up close
- Lead a hands-on workshop in a skill you love
- Offer a job-shadow day alongside you in your field
- Mentor a young person's passion project
- Sit on an industry panel and share the real story of your career

What happens after you reach out

- You say hello using the short form at closethecircuit.org/mentors.html
- We have a quick, no-pressure chat about your work and your availability
- We match you with an opportunity that fits, and coordinate the details

Ready when you are: closethecircuit.org/mentors.html | connect@closethecircuit.org
Open Circuit is a community nonprofit in formation, based in Central Texas.
