FOR BUSINESSES & ORGANIZATIONS

Partner with Open Circuit

Open Circuit gives your organization a meaningful, low-lift way to invest in the next generation and strengthen the community you already serve. This isn't simply volunteerism. It's community investment: stronger local relationships, higher employee engagement, and a head start on the future talent in your field.

Ways to partner (big or small)

- Host a workplace visit for a small group of curious young people
- Provide mentors from your team to share their career journeys
- Lead a workshop or sit on an industry panel
- Sponsor a career-exploration event or showcase
- Support a young person's passion project with expertise or materials
- Help build the future talent pipeline for your industry
